	Modifier						
0095	IM: Radiation materials: Exclusively for use where radiation materials supplied by the practice are used by clinical and radiation oncologists, modifier 0095 should be used to identify these materials. A material code list with descriptions and guideline costs for these materials, maintained and updated on a regular basis, will be supplied by the Society of Clinical and Radiation Oncology. This modifier is only chargeable by the practice responsible for the cost of this material and where the hospital did not charge therefore. Please note that item 0201 should not be used for these materials						
5141	Radiation materials (see modifier 0095)						
20.10	Chemotherapy						
	Where patients are not treated in chemotherapy facilities, items 0213, 0214 and 0215 are used instead of items 5790, 5793 and 5795. Codes 0213, 0214 and 0215 are applicable to providers who only administer the drugs i.e. don't own or rent a facility and do not manage the patient.						
	Codes 5790 to 5795 are for exclusive use by oncology trained doctors working within chemotherapy facilities						
	The amounts in this section are calculated according to the Clinical Procedure unit values
